

**Date: 13<sup>th</sup> October 2021**

**Apologies: n/a**

## **MEETING 1:**

School Council members all stated that they were happy to be back at school and they felt the first half-term was going well.

### **This term we plan to . . . .**

Support the PTFA in their bid to get speed bumps installed on Church Lane. Arthur & Rowan both said that cars travel far too fast up and down the road to our school and they sometimes feel unsafe. Arthur, Sam, Jonah & Rowan are to lead in making posters to put up outside school.

We also plan to support our PTFA regarding the installation of metal fencing/railings on a portion of the A646 (Whiteley Arches to Hebden Bridge) there is a particularly troublesome part of the road opposite Stubbing Wharf pub and we feel that if fencing was put in place – as it has been on the other side of the road outside the terraced housing – the walk from Charlestown to school would feel much safer. This would not only benefit our school community but the wider community too. The children said that it is not only us who need it but dog walkers and people with babies pushing prams. Art & Camille will write a letter to the relevant councillor/s to state our case.

### **Behaviour**

Mr. Paton asked whether they felt having a new behaviour policy was a good idea. The councillors felt that this would make rewards/certificates feel more special in assembly. We agreed to further discuss what this may look like for our pupils and staff at our next meeting in November.

**A.O.B**

Art feedback that children would like a basketball hoop in the back playground. We will look at getting a fixed hoop put up by Christmas.

Stronger netting was also asked for over the football pitch so less balls are kicked over and lost.

Sam asked for a school pet – the logistics of this will be discussed at the next meeting.

We agreed that meetings would take place on a Wednesday, every month. The next meeting is ***Monday 8th December.***
